

WE UNDERSTAND THE PIPE, VALVES AND FITTING INDUSTRY. *CALL US*

Finding Solutions Each & Every Time

In addition to being a leader in providing industry with stainless, aluminum and high nickel alloy products and processing services, Metals Inc. also provides PVF products to industries that we have been doing business with for years—marine, petrochemical, refining, power generation and other related markets.

“Metals Inc. has provided our stainless plate for years, and now another one of our divisions has found that they are very competitive in what they buy – stainless fittings and flanges. Win-win!”

—Petrochem customer

Our geographic locations, years of industry experience, and knowledge of PVF products give you a one-stop source that can handle all of your inquiries and orders.

Our PVF line of products include pipe, flanges, fittings, valves and other industry related products you may need. And, as always, your emergency is our emergency—available 24/7/365. Our highly-knowledgeable, responsive staff is ready to deliver.

WE'LL DELIVER WHEN YOU NEED IT!

24/7/365
